^a Intersection defined as WVEC ROW crossing boundary of potentially sensitive visual resource area.

^b Shaded text indicates portions of the document that underwent revision between the draft and the final PEIS in response to comments received during the public comment period as well as additional information provided by local federal land managers and resource specialists.

^c Asterisk (*) indicates WVEC segment intersects high-potential segment of National Historic Trail.

^d Maps are presented in the PEIS Vol. III, Map Atlas, Part 3.

TABLE S-2 Proximity Events^a Involving Section 368 Energy Corridors and Selected Sensitive Visual Resource Areas under the Proposed Action^b

^a Proximity event defined as a WVEC passing within 5 miles of the boundary of a potentially sensitive visual resource area.

^b Shaded text indicates portions of the document that underwent revision between the draft and the final PEIS in response to comments received during the public comment period as well as additional information provided by local federal land managers and resource specialists.

^c Asterisk (*) indicates WVEC segment passes within approximately 5 miles of a high-potential segment of National Historic Trail.

^d Maps are presented in the PEIS Vol. III, Map Atlas, Part 3.
